Springtime arrives later and later as the season creeps from south to north. In many parts of North America, the beginning of spring is announced by the showy *spring beauty*, a wildflower which decorates woods and forests with beds of pink. Look for this bright blossom in March in the deep south. Can you identify spring beauty and the other **WILDFLOWER SEARCH** flowers in the woods and fields, and meadows near where you live?

- Buttercup
- Cress
- Delphinium
- Geranium
- Jacob's Ladder
- Phlox
- Spring Beauty
- Trillium
- Trout Lily
- Wild Hyacinth

- Anemone
- Bloodroot
- Bluebell
- Bluebonnet
- Hepatica
- Jack-in-the-pulpit
- Larkspur
- May Apple
- Toothwort
- Solomon's Seal
