General Information: The 90-acre lake at Tombigbee State Park was built by the Civilian Conservation Corps between 1934-1938. Historically, the lake has boasted good bream and crappie populations. The lake has an overabundance of Largemouth Bass, and anglers are encouraged to harvest smaller bass.

Location: Approximately 6 miles east of Tupelo off Hwy 6, 3 miles on State Park Road.

Fishery Management: Largemouth Bass, crappie, bream, and catfish.

Fishing Tips

Largemouth Bass

- Target main lake points with wacky rigs and Texas-rigged plastics.
- In the summer and fall, fish the weed edges with spinner baits, Texas-rigged plastics, and various topwater lures.

Crappie

- Fish sunken brush tops and laydowns.
- Target main lake points and deep weed edges with small jigs or live bait under a cork.

Bream

- Target coves with tightlined redworms, mealworms, and crickets.

Catfish

- Target main lake points with nightcrawlers, liver, or cutbait.
- Fish deep laydowns and brush tops on main lake.
